# HOUSE RULES

## **ONLY WAY IN-WARDROBE DOORS; WAY OUT- BIRD CAGE**

### **NO STANDING AT THE BAR.**

Every patron in Parrot MiniBar must have a seat.

### **ONLY TRUSTED GUESTS.**

Do not bring anyone in here that you would not allow into your home to babysit your only child and/or your new-born baby.

### **PLEASE, SPEAK EASY.**

Keep the volume of your voice at the reasonable level. Please refrain from cursing, hooting, hollering and high-fiving.

### **NO TABLE HOPPING.**

### **BRAWLING IS A BAD FORM.**

While we relish passionate banter and witty conversation, we don't appreciate patrons who break the furniture or waste good spirits by spilling them on other patrons. Even talking about fighting will lead to a swift boot out the bird cage doors. If you must tell another patron how completely ridiculous they are, take it outside or keep it to a private message.

### **NO NAME-DROPPING.**

If you are in the service industry, however, please introduce yourself.

### **PLEASE BE PATIENT.**

Our drinks are labour intensive.

### **WHEN YOU HAVE REACHED YOUR LIMIT,**

do the honourable thing and cut yourself off – which saves us the trouble and possible embarrassment of doing it for you.

### **WE DO ONLY TABLE CHECKS, FOR PARTIES 6 AND MORE.**

# GIN O'CLOCK

## GIN & TONIC RECOMMENDATIONS

### **Amuerte Black, Coca Leaf Gin (Peru)** 14

*This gin re-defines the standards. The classic gin botanical ingredients are deistilled and then refined with some Peruvian coca leaves, with tamarillo, papaya, dragon fruit, physalis and orange zest.*

### **Brockmans (United Kingdom)** 12

*Brockmans unique recipe of naturally grown aromatic botanicals are steeped in pure grain spirit for many hours to release their natural oils and aromas. The more traditional notes of gin are combined with a refreshing influence of citrus and aromatic wild berries.*

### **Canaima (Venezuela)** 14

*A small-batch gin made from handpicked Amazonian botanicals which are sustainably sourced in the Amazon rainforest. The botanicals are individually macerated and separately distilled in our traditional 500-litre small-batch copper pot still.*

### **Crafter's London Dry (Estonia)** 9

*Crafter's London Dry Gin belongs to the wonderful world of fresh artisanal gins. Fresh in our very own distinctive way. The show starts with citrusy juniper and is followed by fennel herbal magic and floral softness by veronica. Our award winning recipe No. 23 tastes as good as it sounds. Or better.*

*Price includes also tonic water*

**Green Baboon (Russia)**

12

*The Moscow-style civilized Green Baboon is Russia's first premium gin. Its uniqueness owes to some 1 hand-picked herbs, including juniper – as essential ingredient in any gin – as well as Icelandic moss, peppermint, meadowsweet, Melissa, rosemary, elderflower, dill & other ingredients grown in Russia.*

**Opihr Oriental Spice (United Kingdom)**

11

*Opihr {o-peer} Gin is taking you on the journey along the Ancient Spice Route with hand-picked exotic botanicals such as cubeb berries from Malaysia, coriander from Morocco & cardamom from India.*

**Osmoz Citrus (France)**

11

*Osmoz Citrus Gin is a gin made by the Vallet family based on grapes, the family Vallet is known from the production of Champagne and Cognac.*

**Roku (Japan)**

11

*ROKU is the premium Japanese craft gin created by the House of Suntory in Osaka. Crafted by Japanese artisans with meticulous attention to detail, ROKU is the perfect balance of flavours. Its precise balance is testimony to Japan's renowned craftsmanship.*

**Sipsmith VJOP (United Kingdom)**

13

*The name says it all with this gin, it is very junipery and over-proof. If you love juniper, you will love this gin and it's certainly one to sip and savour.*

**Star Of Bombay (United Kingdom)**

13

*An extraordinarily refined gin crafted in single batches with bergamot and ambrette seeds in harmony with Bombay's signature botanicals.*
